Your Feedback

1	.
2	Excellent
3	Lecture by dr sami Alhajjar is outstanding as usual. Interactive session in infection control was also good idea with excellent expert speakers in the field. Lecture about complicated UTI was good also
4	One of best sessions are interaction session in infection control and about red book. Also about sparing of meropenem session by dr Layla. All speakers in these sessions are excellent with limited time given
5	It was good idea for red book lectures and interactive session in infection control with all excellent speakers of whole conference
6	We need Next conference to be held at southern area
7	Good to involve new young PID physicians
8	It was good to be in holy mosque of medinah
9	Good conference
10	Well organized with high quality scientific content. It provided practical updates that will truly enhance pediatric infectious disease practice.

Your Feedback

11	Very good
12	It was excellent
13	Excellent symposium
14	It would be better if the hotel nearby Haram
15	The conference was very well-organized, scientifically rich, and engaging. The speakers and discussions were excellent, with valuable opportunities for interaction and networking. Everything ran smoothly, making it a highly beneficial and inspiring experience. Looking forward to future editions
16	Thanks. I'm still awaiting my certificate for attendance. When will it be ready/sent?
17	The conference was excellent , I enjoyed & learning more
18	very nice
19	It was very good experience with wide range of topics and speakers,I liked involvement of young consultant and I suggest the next conference to be during the weekend so there is more chance for people to join the meeting
20	One of the best conference, I attended in Saudi Arabia in regards to scientific content and organization being conducted in the holy city of Medina is a great advantage

Your Feedback

21	Great work. Thank you
22	Fantastic conference
23	The conference was excellent , I enjoyed & learning more
